

The VMware Upgrade Program

An exclusive offer for the first 100 customers

So you are ready for virtual infrastructure management but your budget isn't.

A limited time offer to upgrade from VMware Server and/or VMware ESX 2.5 to Virtual Iron 3.5 for an unbelievably great price:

- Virtual Iron offers comparable capabilities to VMware Virtual Infrastructure 3 for just 1/5th the cost.
- Virtual Iron has created a simple way for you to upgrade your VMware environment to Virtual Iron.
- You'll get all the advanced management capabilities available in VMware Enterprise Edition and more — and it will cost you a lot less.
- This offer is limited to the first 100 customers.

This program makes sense for you if:

- You are currently running VMware Server or VMware ESX 2.5, but do not want to pay the hefty price tag to upgrade to VMware Virtual Infrastructure 3.
- The support fees for your current VMware virtualization environment are too expensive.
- You are worried about the complexities of migrating to VMware Virtual Infrastructure 3.
- You want enterprise-class virtualization without an enterprise-class price tag.
- You want virtual infrastructure management with live migration and all the advanced management capabilities.

Get virtual infrastructure management and virtual machine migration bundled together to meet your company's needs at a fraction of the cost VMware Virtual Infrastructure 3:

- Virtual Iron 3.5 includes virtual machine migration among servers (LiveMigrate™) enabling advanced management capabilities like business continuity, dynamic capacity & workload management.
- Seamless virtual machine migration from your VMware Server and/or VMware ESX 2.5 to Virtual Iron 3.5 using the PlateSpin PowerConvert™ platform with optional professional services support from your preferred reseller.
- Forget about continuing to pay expensive support costs for your VMware virtualization platform. Virtualization with Virtual Iron costs less than VMware Support with the virtualization management platform included.

The VMWare Upgrade Offer

Three (3) attractively priced bundles
